

COOPERATION REQUEST

Request for Hackathon Participation

Student nomination request for schools and universities

Sender: Future Digital Safety Institute

Recipients: High schools and universities

Related Event: 2026 Youth Cyber Safety Hackathon

Nomination Deadline: August 5, 2026

Requested Action

The Future Digital Safety Institute requests student nominations for the 2026 Youth Cyber Safety Hackathon.

Nominated students must form teams of two to four and choose a phishing detection, secure authentication, or privacy protection challenge.

Participation Process

A school coordinator must submit the application and privacy consent form by August 5, 2026.

Selected teams will attend the main event at Hanbit Startup Center on August 20, 2026.

This document is a cooperation request for the event defined in 01_Hackathon_Announcement.pdf.

Demo note: The title, organization, event name, and sentence-level evidence in this file are designed for relationship graph demonstrations.
